The second book in the Brilliance series, A Better World mixes science fiction with slam-bang crime-fiction suspense. The reviews are glowing, so you might be better off starting with the first book, Brilliance. Be warned: A Better World will leave you waiting for the as-yet unpublished conclusion to the trilogy.

Cloning is the process of producing genetically identical individuals of an organism either naturally or artificially. In nature, many organisms produce clones through asexual reproduction. Cloning in biotechnology refers to the process of creating clones of organisms or copies of cells or DNA fragments (molecular cloning). Beyond biology, the term refers to the production of multiple copies of ...
