The time commitment required by a career in risk management can be highly variable. It can depend on the firm and the position. Technically, it's usually a nine-to-five job, but risk management is a vital function so managers can generally expect to put in work weeks that exceed 40 hours, at least occasionally and in times of emergency.

Risk Management in the Financial Services Industry

Special thanks to the Compliance Committee for their assistance on this program. * Students and Alumni from sponsoring law schools: To ensure your free registration, please update the 'law school' section under Manage My Account prior to registering, or register using your law school email address.
