**Craniosacral Network Method Paperback**

Facilitated communication (FC), supported typing, or hand over hand, is a discredited technique that attempts to facilitate communication by people with severe educational and communication disabilities. The facilitator holds or gently touches the disabled person's arm or hand during this process and attempts to help them move to type on a special keyboard.

Acupuncture is a form of alternative medicine and a key component of traditional Chinese medicine (TCM) in which thin needles are inserted into the body. Acupuncture is a pseudoscience because the theories and practices of TCM are not based on scientific knowledge. There is a range of acupuncture variants originating in different philosophies, and techniques vary depending on the country in ...
