

Foucault Politics And Violence

Foucault Politics And Violence

Paul-Michel Foucault (/ f u: ' k oʊ /; 15 October 1926 – 25 June 1984), generally known as Michel Foucault (French: [mifɛl fuko]), was a French philosopher, historian of ideas, social theorist, and literary critic.. Foucault's theories primarily address the relationship between power and knowledge, and how they are used as a form of social control through societal institutions.

Michel Foucault - Wikipedia

Despite their prominence in subsequent academic writing, 1 the concepts of “biopower” and “biopolitics” are perhaps the most elusive, and arguably the most compelling (given the attention they have subsequently received), concepts of Michel Foucault’s oeuvre. Within his published work ...

Michel Foucault: Biopolitics and Biopower

Discipline and Punish: The Birth of the Prison (French: Surveiller et punir : Naissance de la prison) is a 1975 book by the French philosopher Michel Foucault.It is an analysis of the social and theoretical mechanisms behind the changes that occurred in Western penal systems during the modern age based on historical documents from France. Foucault argues that prison did not become the ...

Foucault: power is everywhere. Michel Foucault, the French postmodernist, has been hugely influential in shaping understandings of power, leading away from the analysis of actors who use power as an instrument of coercion, and even away from the discreet structures in which those actors operate, toward the idea that ‘power is everywhere’, diffused and embodied in discourse, knowledge and ...

Professor Saul Newman's research interests are in contemporary political and social theory, Continental thought and radical politics. He has published extensively on postanarchist theory, radical political movements and networks, the politics of securitization, deconstructive approaches to sovereignty and law, and the politics of violence.

Political philosophy - Western political philosophy from the start of the 20th century: Nineteenth-century European civilization had been the first to dominate and pervade the whole world and to create a new self-sustaining productivity in which all eventually might share. But, as Saint-Simon had pointed out, this civilization had a fatal flaw.

This article discusses the gendered nature of politics (as practice) and political science (as an academic discipline). It studies the sex-typing characteristic of most institutions in the modern world and describes how gender shapes the ways people organize, think, and know about the world. The article then identifies the changes that have occurred in politics and political science over the ...

A toolbox for analysing political texts. Discourse analysis is a useful tool for studying the political meanings that inform written and spoken text. In other posts, I have provided a quick video introduction to the topic, and have discussed the ideas behind discourse theory, the main questions that students and researchers will likely ask as they set up their discourse analysis project, and ...
