Introducing a report that addresses such a complex and dynamic issue as managed behavioral health care is a daunting task. The charge to the Committee on Quality Assurance and Accreditation Guidelines for Managed Behavioral Health Care was to develop a framework to guide the development, use, and evaluation of performance indicators, accreditation standards, and quality improvement mechanisms.

"Since we've implemented the Framework, the biggest benefit has been I'm hearing more security talk from individuals. Previously, and in most organizations, there's usually a handful of people that talk security, maybe IT, maybe the chief security officer or a security analyst.

### **Perspectives on the Framework | NIST**

Multiple, disparate definitions for population health management abound. Yet, population health management should be defined the same way public health was defined years ago by C.-E.A. Winslow, founder of the Yale Department of Public Health, as: "the science and art of preventing disease ...
