### **Relationship Doubts Advice**

When you love someone madly, the last thing you expect is to entertain doubts about the strength of your bond. Questioning seems contrary to commitment. Even if you do so privately, inside your own mind—in the midst of a sleepless night, while jogging, or showering—it can feel like a serious betrayal.

Decide if your doubts are deal-breakers. Some doubt in a relationship is completely normal, but if your doubts stem from frequent lying, cheating, manipulation, or unreliability on behalf of your partner, this may be a sign that you should leave the relationship. Healthy relationships don't involve undue control, deception, infidelity or abuse.

It's your first serious relationship -- of course doubts are normal. There's always the idea that someone else might be better for you, or that the relationship itself could be better. But mature love means making a choice, a conscious decision to stay with the person you have chosen because you're committed to each other.
