Sergison Bates was established in 1996 by Jonathan Sergison and Stephen Bates and joined by Mark Tuff as partner in 2005.

Viewpoint: Sergison Bates Architects, London, UK

The architects of Sergison Bates Architects work on a wide range of projects from urban planning to renovation; they design public buildings, residential projects, and private homes. The main characteristic of their work is a highly sensitive respect for the building site, a reductive approach to design, and a good sense for material.
