(Stellarnet Prince) is quite simply an excellent book." – Tahlia Newland "(D)espite the... 'romance novel' cover — which for me was a regrettable choice after the much more all-readership-friendly and frankly better first novel's cover — (Stellarnet Prince) stays true to the well-balanced science fiction first tone that the first novel so successfully put forward.

Also, I recommend reading book one, Stellarnet Rebel, before picking up Stellarnet Prince, in order to get the whole story behind the romance, drama and character development. The sequel can be read alone, but there will be a lot of spoilers. There are already a lot of book one spoilers in the blurb of book two. :) November 27, 2012 at 3:15 PM
